

Test Summary Report of Car Insurance:

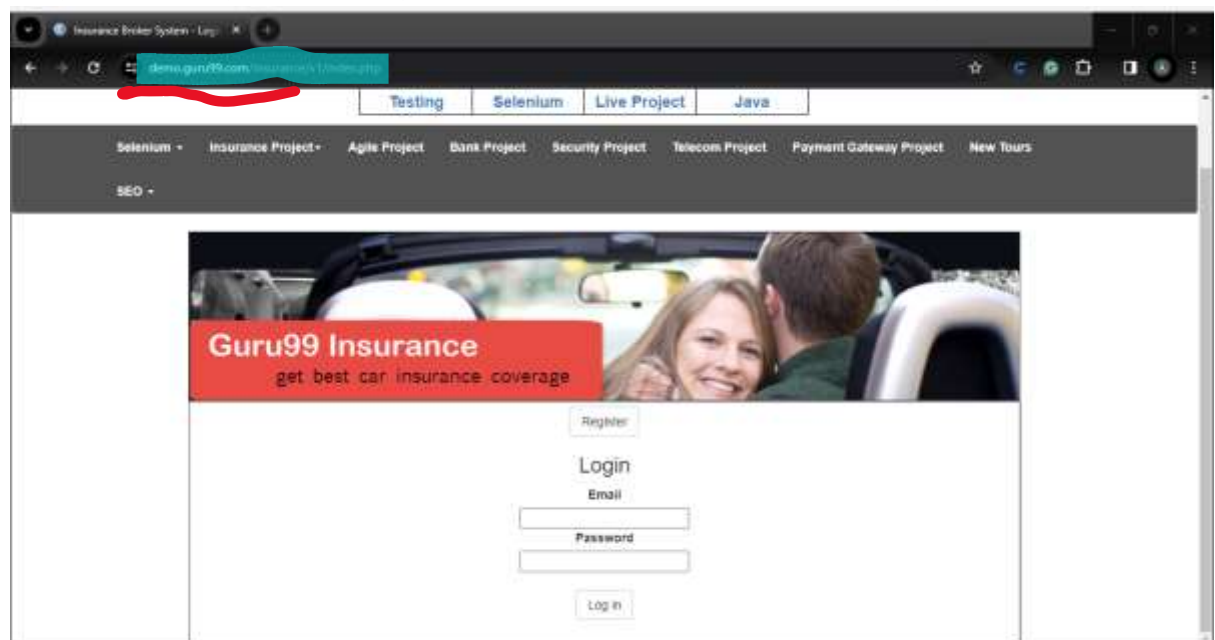

Website Url:<https://www.demo.guru99.com/>

As a dedicated QA professional, I specialize in executing comprehensive selenium automation testing for car insurance websites. My primary focus is on ensuring the seamless functionality of critical features such as the registration form, login-logout process, quotation retrieval, and profile editing. To achieve this, I meticulously design effective test cases and scenarios, Test Summary Report. To further enhance my testing capabilities.

Tools and Languages:

- 1) Selenium Automation Testing
